

A highly versatile and refined paper, Advocate® strikes the optimal balance between bulk, weight and optical properties for postage-sensitive catalogers and publishers. Advocate® is engineered for higher bulk and lighter weight. Advocate Enhanced Hi-Bulk (EHB) gives a 4 lb. bulk advantage, and not only have we introduced the lightest weight C2S sheet produced in North America but we also offer a dull finish option with our HW Advocate offset products. Higher bulk, lower weight, great optical properties and superb press performance—Advocate® helps defend your position in the marketplace.

IT'S SIMPLE.

Excellence in all things is our goal at Verso, and we believe that supreme excellence is simplicity. That's why we want to make your experience with us simple: from inquiries to purchasing — from the performance of our paper on press to meeting your sustainability goals. Doing business should be simple.

Verso simple.™

EXPERIENCE

Verso's award-winning products and services bring an extensive array of paper, experience and support to your print project. Advocate is just one of the many papers in our portfolio available to meet the needs of magazine publishers, catalogers, advertisers and commercial print producers. Our expansive product line allows us to remain flexible enough to support any movement or change in paper stock you may require. Wherever your print requirements take you, we have a paper that will provide the visual appeal and impact essential for exceeding your business goals.

ENVIRONMENTAL BENEFITS

- This product is available PEFC (PwC-COC-319), SFI or FSC (SW-COC-002775) certified.
- Recycled content is available upon request.
- Environmentally-friendly ultra-lightweight choices use fewer raw materials while providing the same high-quality print surface.

FEATURES AND BENEFITS

- A market leader in its category, Advocate delivers outstanding printability and exceptional performance.
- Available in an extensive range of basis weights for both offset and rotogravure versions.
- Advocate offset available in gloss and dull finishes.
- Matching offset and gravure allows for cost-effective customization.
- EHB provides a lighter weight sheet with the same feel and show-through characteristics associated with sheets that are 4 lbs. heavier.
- Ultralightweights allow postal savings due to lower distribution costs.
- Broad manufacturing platform provides flexibility, reliability and responsiveness.
- Consistent product quality between manufacturing facilities.
